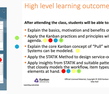
Introduce yourselves

- What is your name, what do you do for work?
- What is your relationship to Kanban?
- What are you currently working on?
- Would you rather be somewhere in a volcano?

Intro Activity

Agenda



Agenda

Kanban 101

## High level learning outcomes

**After attending the class, students will be able to:**

- Explain the basics, motivation and benefits of the Kanban Method
- Apply the 3 Values, 6 practices and principles with the "Service Orientation" agenda
- Explain the core Kanban concept of "Pull" with its effects and how Pull-Systems can be modeled.
- Apply the STATIK Method to design service-oriented Kanban systems
- Explain the Kanban System Design Canvas and how it can be used to map that closely models the workflow, item types, classes of service and other elements at hand.
