Introduce yourselves
What's your name, what do you do for work?
How do you feel about today's event?
What did you have for breakfast?
What subject do you wish was taught in every school?

What is Upstream Kanban?
"I failed and learned a lot / someone in a 4-year-old"
"How do you do Upstream?" - All over practice.

What is your purpose for being here in this class? What are your objectives?

Purpose of this course
After attending this course,
you will be able to:
Explain the concept of options and how it's thinking helps to maximize value.
Apply techniques and approaches to actively manage incoming work.
Engage stakeholders from different organizational levels and departments in idea generation and decision-making through pragmatic approaches.
Establish an Upstream Kanban system that maps to your context of working.
Apply Kanban practices upstream in order to establish a balance between the unpredictable and operational.
